Our Specialist Cleaning Services for Education Environments

Rokjet provides specialist exterior cleaning and preventative maintenance services designed to support **safe, hygienic and well-maintained education facilities**. We work flexibly around the school day, delivering works during **holidays, half-term, inset days and out-of-hours** to minimise disruption.

Playground, Sports Court & Hardstanding Cleaning

Professional cleaning of playgrounds, MUGAs, tennis courts and external hardstanding to remove algae, moss and surface contamination.

- Improves surface grip and reduces slip risks
- Suitable for tarmac/asphalt, resin, concrete and painted surfaces
- Supports safer outdoor play and physical education areas

External Walkways, Steps & Entrances

Targeted cleaning of high-footfall pedestrian areas.

- Improves safety on paths, ramps and steps
- Reduces slip and trip hazards during wet weather
- Supports duty-of-care and site safety inspections

Roof, Gutter & Drainage Maintenance

Planned or reactive maintenance to protect school buildings and grounds.

- Moss removal and gutter clearance
- Prevents water ingress and overflow
- Visual inspections with photographic reporting

Bin Store & Waste Area Cleaning

Deep cleaning of refuse and bin store areas to improve hygiene and site management.

- Removes organic build-up, spillages and odours
- Reduces pest attraction
- Supports safeguarding by maintaining controlled, clean waste areas

Low-Pressure Steam Cleaning (Sensitive Surfaces)

Superheated steam cleaning for delicate or high-visibility areas such as entrances, façades and heritage buildings.

- Low-pressure, chemical free cleaning
- Safe for historic school buildings and sensitive masonry
- Effective removal of chewing gum, staining and organic growth
